It is important to sanction your regatta. SCIRA USA insurance covers your event. Scheduling conflicts are avoided. The SCIRA USA website highlights sanctioned events.

Sanctioning your event means that your Organizing Authority understands and will comply with current SCIRA Class Rules and Bylaws as set forth in the SCIRA Official Rulebook. This includes requiring class membership to compete in the event. Competitors appreciate the consistency of race management that occurs at sanctioned events.

By submitting this form, you acknowledge that you will follow these rules.
